## CVSA'S 30<sup>TH</sup> ANNUAL INTERNATIONAL ROADCHECK

Each year the commercial vehicle safety Alliance conducts a 72 hour event, it is the largest targeted enforcement program on commercial motor vehicles in the world. Last year 62,796 inspections were performed during this enhanced inspection period and more than 21.5% of vehicles inspected were placed out of service and a 3.4% driver out of service rate.

This year the event will take place June 6<sup>th</sup> to June 8<sup>th</sup> and more than 70,000 trucks will be inspected focusing on cargo securement. Inspectors will be conducting primarily Level I inspections. It includes examination of both driver and vehicle.

Please make sure you repair any defects that could lead to inspection violations and keep your log current to avoid any driver violations.
