## PREVENTING CARGO THEFT DURING JULY 4<sup>TH</sup> WEEKEND

Sensiguard, a logistics security services provider has issued a warning anticipating cargo theft issues during the 4<sup>th</sup> of July weekend. It is very common for theft to increase during any holiday, so we need to be extra vigilant. The firm states cargo theft increased 120% on this holiday weekend on 2015 and 2016.

Since the holiday is on a Tuesday many companies are closing on Monday, resulting in more trucks parking for longer periods of time with vehicles being unattended by the driver.

At North American Transport Services the company policy regarding parking while at home time is very strict since our terminal is located at a high theft state. It is imperative to follow company policy regarding parking of your vehicle. Never leave your truck unattended at truck stops, since the greatest number of incidents happen primarily at unsecured parking areas.
